BIOGRAPHY

Born from the shadows of an ancient world, where human kneel before stone and raise idols in the place of God.

An unnamed executioner walks among the ruins.

He does not speak. He does not seek glory.

He comes only to destroy those who worship the Obelisk.

Death. Judgement. Destruction.

The story remains buried beneath the stones.

The Obelisk must fall.

Genre: Deathcore Location: Semarang, Indonesia Formed: 2019
